The Twist-Ease Brand

Solves your customer’s need for closure! Our patented Twist-Tie dispensing system was designed by a problem-solving produce manager who recognized the consumer need for a reliable bag closure system, but was tired of the mess and inconvenience of loose ties. That produce manager built a company around solutions, holds over ten patents and is now the President of Twist-Ease!

Our Promise

We deliver innovative twist tie solutions that are convenient for stores and help shoppers keep their purchases clean, secure, organized and fresh. Along with our products, we deliver unprecedented customer service.

Twist Tie Myth

Twist Ties are messy, offer no benefit and just cost money.

We all know the problems...

- Product spoilage & in-store spills
- Unsanitary conveyor & scale misreads
- Loose Ties are a hassle to refill & end up everywhere
- Torn open bags are used only once; Not eco-friendly!

Reality

Twist Ties increase department sales, reduce costs and improve the customer experience.

These problems are solved with Twist-Ease!

- Tied bags hold more product — increases sales
- No cross-contamination and reduced scale errors
- Re-closable bag keeps product fresh at home
- Encourages bag reuse at home; eco-friendly!

Twist-Ease Offers The Best Solution

Increase store sales and profits with Twist-Ease Twist Ties! Save time & money by re-filling less often, no spills to clean, no ties on the floor to slip on, and customers put more produce in a bag closed with a twist tie. Some stores report spending LESS money on twist ties by using Twist-Ease — the benefits are endless! Contact us now for more information on how to get Twist-Ease in your store!

Let Us Prove It!

Try Twist-Ease in your store for 90 days

1. Twist-Ease will install our free dispensers in your store
2. We ask you to keep an eye on your produce sales and customer satisfaction
3. If you don't love our ties after the 90 days, we will remove them

4 INCH TWIST TIE PAKS

The product that changed the industry!
Our innovative 4” Twist Tie Pak Product delivers convenience to retail operations. Department managers see the benefits every day by refilling twist ties less often and experience no spilled ties, while providing the highest level of protection for customer purchases. Some stores report consuming up to three times fewer ties compared to loose ties.

Banner Tie Paks

Expanding on our flagship twist tie product, the unique and patented Twist-Ease Banner Ties provide customers ample room to write product numbers clearly and still have a long twistable area to tie around the bag. You won't find a more innovative and low cost approach to product identification.

4 Inch Banner Tie

A patented innovation on our longer Banner Tie, this lower cost 4" version saves space in your department AND maintains the same great visibility for product identification!

6 Inch Banner Tie

This intuitive and easily read tie accepts any ink or pencil marking and leaves plenty of tie length to secure and protect customer purchases.

Saves Time and Frustration

Our Banner Ties provide the surface space needed to write clearly, without sacrificing the ability to properly close your bag. Competitor's BIN ties often obscure writing causing hassle at the register.

Twist Tie Dispensers

How to Refill

Our patented dispensing system was specifically designed to work with our efficient Twist Tie “pak” and is a game changer for produce department personnel! Gone are the days of filling cups with 200-300 ties every few days as well as touching and grabbing each tie in the process. Each pak can be swapped out in five seconds and lasts for a month or more. And don’t forget — no more spills!

Attaches to any bagstand or fixture

- **Crown Poly** Pull-N-Pak
- **Hilex Poly** RollStar
- **Better Bag**
- **Tug-N-Tote** by Waverly Plastics
- **Duratech** Bag N Go
- **Crown Poly** Mini Pull-N-Pak
- **Hilex Poly** QuikStar
- **Unistar** Pak Fresh
- **Inteplast** Integradted Bagging Sys.
- **Redi-Bag** Folded Bag on a Roll
- **Bioplanet Corp.**
- **Most Roll Bags & Header Bags!**

We have a dispenser solution that fits onto ANY bag stand! Our custom and patented bracketing systems are designed to discretely attach to bag holders or store fixtures. If we currently do not have an option that suits your needs, we can work with you on designing a custom solution.

The 4 Inch

Our 4” dispenser is the most popular solution accommodating any color 4” Twist Tie Pak and our 4” Banner Tie Pak. Quickly refill 1,200 Twist Ties (or 480 Banner Ties) in five seconds. Install these in produce, meat, bakery, bulk foods, and floral!

The 6 Inch

The 6” dispenser is designed to hold all of our 6” ties with the same functionality as our 4” dispenser!

The Mini

The 4” mini dispenser is designed for tight spaces! It holds our standard 4” twist ties that can be snapped into smaller 400ct tie paks.
